Congratulations!

Short Presentation Papers will have up to 8 pages in the proceedings based on the IEEE double column format. The authors can buy up to 2 extra pages at \$125/page. The proceedings will be published by the IEEE Computer Society, and will be EI indexed.

This email contains important instructions. Please read it carefully since it covers several details.

- *Camera-ready papers are due by 15 October 2024.*

Please take the ICDM 2024 review reports into account when preparing your final version, and we will send your an IEEE website for you to submit your camera-ready paper.

- *The author registration deadline will also be 15 October 2024.*

ICKG is a forum for presenting and discussing current research in Knowledge Graph. Every accepted paper must have at least one registered author by the registration deadline, in order for the paper to be included in the conference proceedings and the program.

Information on registration is available at the conference website
